

Noach heeft een **boot** gebouwd,
zomaar op het **land**.

Hier is geen **zee**, gaat er iets fout?

Wat is er aan de hand?

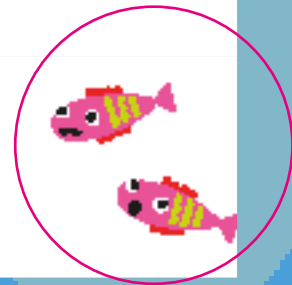

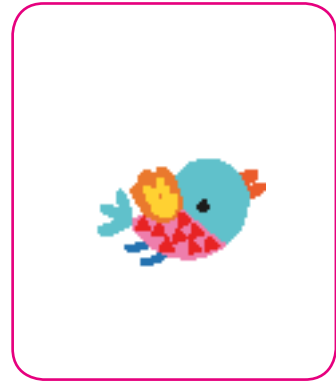

God zei: 'Er komt **regen** aan,
het land gaat overstromen,
je moet maar **snel** naar binnen gaan
voordat de **druppels** komen!'

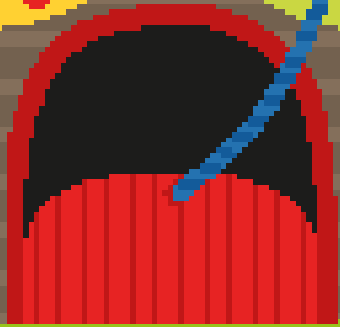

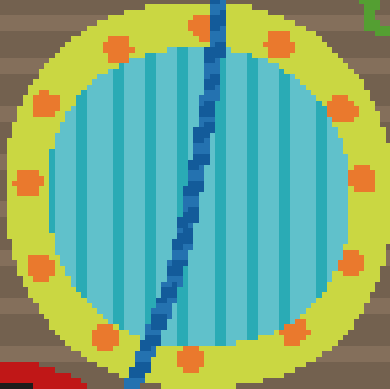

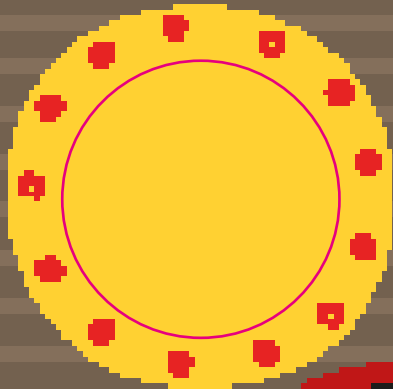

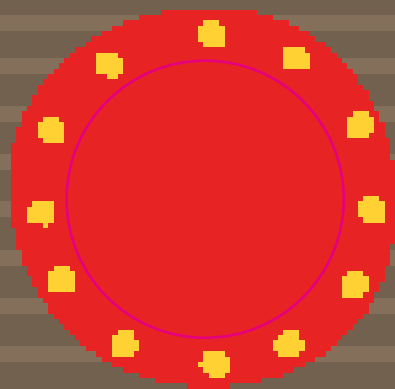

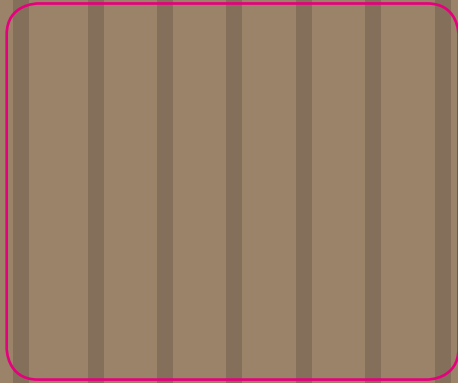

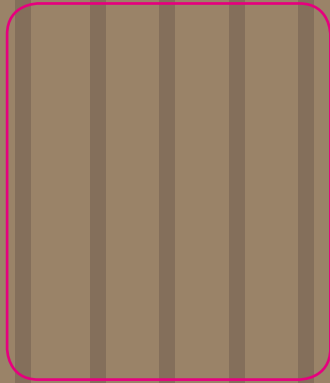

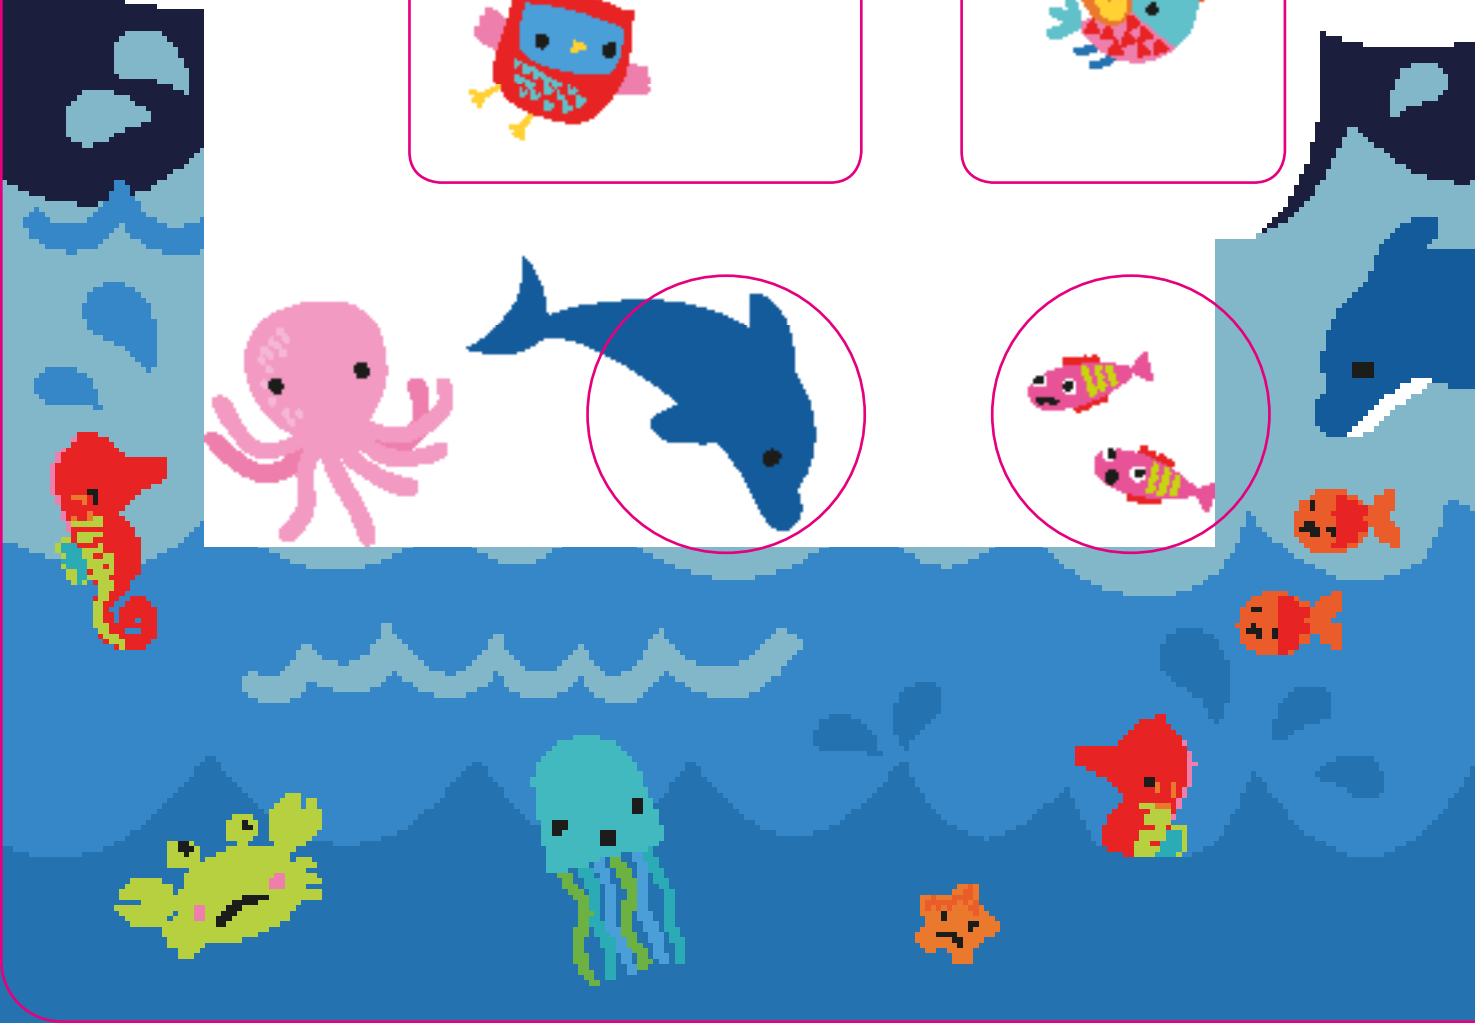

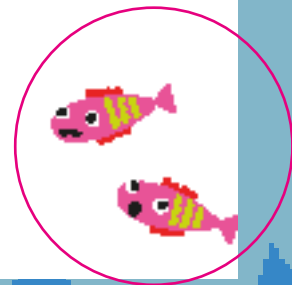

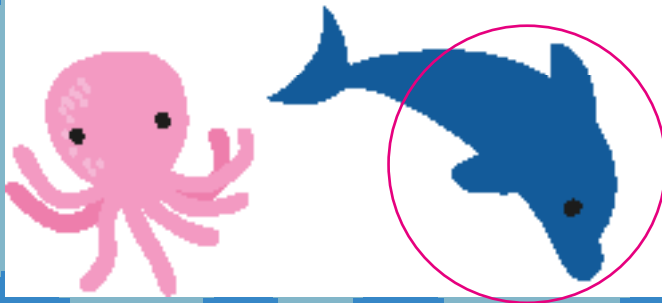

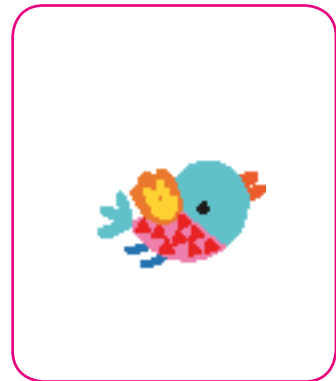

Twee aan **twee** gaan alle dieren
mee met **Noachs boot**.

Van de **beren** tot de **mieren**,
snel en langzaam, klein en groot.

Regen kwam met bakken neer
de **boot** was veilig door de **Heer**,
veertig dagen, **veertig** nachten.
Noach en de dieren wachten.

Dan zien ze een **regenboog**

aan de **hemel** heel erg hoog.

Noach is ontzettend blij,
de **regen** is nu echt voorbij.
